Export 101 and Import 101 Compliance and Logistics

This one-day seminar will provide a strong foundation for your company's supply chain operations. Understand the documentation and regulations related to import/export operations is vital to ensuring timely delivery and compliance with US government agencies.

Topics covered include:

- **Market Research**
- **International Payments and Export Financing**
- **International legal and tax considerations**
- **A Basic Overview of U.S. Export and Import Regulations**
- **How to fill out documentation such as Bill of lading, commercial invoices**
- **Export control, AES, NAFTA and payment methods**
- **Importer Security Filing, C-TPAT, Modernization Act and best practices**

This workshop is in two parts. Businesses may register for Export Only (morning session), Import Only (afternoon session) or the full day seminar that includes lunch.
